EXECUTIVE ORDER NO. 2021-01

**RELATIVE TO DECLARING PANDEMIC
CONDITION OF READINESS 2 (“PCOR 2”)**

WHEREAS, on March 14, 2020, I, Lourdes A. Leon Guerrero, *I Maga'hågan Guåhan*, Governor of Guam, acting pursuant to the power provided by the Organic Act and the laws of Guam, declared a public health emergency in the island of Guam due to the potential dangers posed by the 2019 novel coronavirus (“COVID-19”); and

WHEREAS, since August 16, 2020, the island has been under Pandemic Condition of Readiness 1, under which some of the most restrictive conditions were in effect, including reduced capacities in all facilities with in-door operations and prohibitions and limitations of social gatherings; and

WHEREAS, since first declaring a public health emergency, Guam has suffered One Hundred Twenty-Five (125) COVID-19 related deaths; and

WHEREAS, as of the time of this writing, over Seven Thousand Four Hundred (7,400) individuals have tested positive for COVID-19 in Guam; and

WHEREAS, at its peak, One Hundred Two (102) individuals were hospitalized in Guam hospitals for conditions related to COVID-19, far exceeding the resources initially dedicated to COVID-19 patients, and requiring our hospitals to hire temporary contract nurses, and rededicate space at the Guam Memorial Hospital intended for non-COVID patients; and

WHEREAS, as of the time of this writing, seven (7) COVID-positive patients are hospitalized, including three (3) in intensive care and three (3) on ventilators; and

WHEREAS, Guam’s Covid Area Risk (“CAR”) Score, which is calculated based on our island’s test positivity rate, daily new cases and effective reproduction rate, has held steady below five (5) since late November 2020 and below 2.5 since the second week of December 2020; and

WHEREAS, notwithstanding the strides we have made towards containing the spread of COVID-19 in Guam, the virus continues to spread at a high rate nationally and throughout the world, particularly as a new, more infectious strain of the virus has emerged; and

WHEREAS, since the start of the pandemic, almost three hundred (300) of the island’s COVID-19 cases have been identified in travelers’ quarantine; and

WHEREAS, we continue to receive travelers and returning residents from the mainland U.S., where cases of the new strain of COVID-19 have been identified, in addition to hundreds of thousands of daily new cases of the original strain, and it is critical that we

maintain our quarantine facilities to minimize the spread of infection from off-island travelers; and

WHEREAS, continued vigilance also remains necessary to contain the community spread in Guam; and

WHEREAS, over two (2) weeks have elapsed since the Christmas and New Year's Eve holidays, and while Guam's CAR score has fluctuated, it remains substantially below the level of concern; and

WHEREAS, given the continued improvement and stability in our metrics, it is timely and appropriate that further measured allowances are made in anticipation of a broader reopening in the new year; and

WHEREAS, because implementing any additional allowances will naturally carry a degree of risk, it is critical that businesses and individuals alike strictly observe all applicable guidance memoranda issued by the Department of Public Health and Social Services ("DPHSS") to ensure that our community remains healthy, and so that we can continue to slowly and methodically reopen our local businesses; and

WHEREAS, a key component to our island's success at containing the spread of COVID-19 and broadly reopening business is the development and implementation of a robust plan for vaccinations; and

WHEREAS, it is important that our community participates in our phased vaccination effort, and that members of our community receive the vaccine when it becomes available based on their priority level; and

WHEREAS, as part of the vaccination plan, the DPHSS has held several community vaccination clinics and utilized local clinics as community partners to disseminate vaccines to their patients; and

WHEREAS, the local military community has also commenced its vaccination efforts utilizing its own designated vaccination supplies, including the Guam National Guard's Soldiers and Airmen, who have served in critical functions throughout the island's public health emergency response efforts; and

WHEREAS, as of the date of this writing, approximately Eleven Thousand Four Hundred (11,400) individuals have begun the vaccination process by receiving at least the first of two vaccine shots, with over One Thousand Five Hundred (1,500) having received both doses; and

WHEREAS, notwithstanding the implementation of our phased vaccination plan, I, along with DPHSS, the Guam National Guard Surgeon Cell, and the Physicians Advisory Group will closely monitor our island's response to our staggered reopening, so that further amendments are made immediately if necessary; and

WHEREAS, it is my sincere hope that we, as a community, rise to this challenge, remain vigilant and cognizant of the role we serve as individuals in containing the spread of this virus and protecting our loved ones, that we remain critical of our behavior and the behavior of those around us, and that we observe the best possible practices to ensure the success of our reopening efforts and the safety of our community.

NOW THEREFORE, I, LOURDES A. LEON GUERRERO, *I Maga'hågan Guåhan*, Governor of Guam, by virtue of the authority vested in me by the Organic Act of Guam as amended, do hereby order:

1. PANDEMIC CONDITION OF READINESS 2. Effective at 8:00AM on Monday, January 18, 2021, Guam will be in PCOR 2. Under PCOR 2, most activities will be permitted to operate under moderate restrictions.

a. OPERATION OF MOST BUSINESSES AND ACTIVITIES, WITH EXCEPTIONS. Except for such business and activities specifically prohibited under applicable DPHSS Guidance, all businesses and activities are now permitted to operate under such occupancy limits as set forth in applicable DPHSS Guidance.

i. INDOOR DINING FOR EATING AND DRINKING ESTABLISHMENTS. Effective at 8:00AM on Saturday, January 16, 2021, indoor dining shall be permitted at eating and drinking establishments at no more than fifty percent (50%) of the occupancy load, subject to requirements and limitations set forth in applicable DPHSS Guidance, including the requirement that no more than six (6) people be seated together when dining indoors, with six (6) feet distance between tables. Outdoor dining shall be permitted with no more than fifteen (15) persons per table or per party.

ii. AMUSEMENT PARKS, BINGO HALLS, GAMEROOMS, AND SIMILAR ACTIVITIES. Effective at 8:00AM on Saturday, January 16, 2021, amusement parks, bingo halls, gamerooms, movie theaters, and similar businesses and activities will be authorized to operate at occupancy of no more than fifty percent (50%) of the occupancy load.

b. MANDATORY SOCIAL DISTANCING AND OTHER MITIGATION MEASURES. All allowed activities shall be conducted utilizing mitigation measures including, but not limited to, social distancing of at least six (6) feet and posting of appropriate signage; frequent cleaning of all surfaces; mandating the wearing of face masks unless engaged in physical exercise or eating; and permitting/encouraging teleworking.

c. IN-PERSON INSTRUCTION. As indicated in Executive Order No. 2020-46, public and private schools may resume in-person instruction no sooner

ISLAND OF GUAM
OFFICE OF THE GOVERNOR
HAGÁTÑA, GUAM 96932

than January 18, 2021. Such instruction shall operate in accordance with applicable DPHSS Guidance.

2. **GOVERNMENT OF GUAM OPERATIONS.** Effective Tuesday, January 19, 2021, all government of Guam offices, agencies, and departments shall recommence any public operations still suspended, including making accommodations for walk-in services. Agency heads may use their discretion to authorize employees to telework when appropriate, provided that such agencies ensure availability of direct services to the general public. All government of Guam employees previously engaged in teleworking and on regular work status are expected to physically report to duty within two (2) hours of receiving notice from their supervisors. Government of Guam offices, agencies, and departments will abide by applicable DPHSS Guidance in their operations.
3. **ENFORCEMENT.** Individuals and businesses who fail to comply with applicable DPHSS Guidance Memoranda and Directives may be subject to fines pursuant to 10 G.C.A. §19802 and 26 GAR Chapter 4 Article 28, as well as any other penalties available under Guam law. DPHSS and affected agencies may enforce applicable enforcement statutes and regulations with the assistance of the Guam Police Department.
4. **SEVERABILITY.** If any provision of this Executive Order or its application to any person or circumstance is held invalid, the invalidity shall not affect other provisions or applications of this Order that can be given effect without the invalid provision or application, and to this end, the provisions of this order are severable.
5. **PRIOR ORDERS REMAIN IN EFFECT.** All prior Executive Orders remain in full force and effect except to the extent they conflict with this Order.

SIGNED AND PROMULGATED at Hagåtña, Guam, this 14th day of January 2021.
