News Release

GHS/OCD and NBG to Conduct Routine Testing of Advanced Warning Systems

The Offices of Guam Homeland Security and Civil Defense (GHS/OCD) and U.S. Naval Base Guam (NBG) will conduct routine testing of the vital communication and advance warning system sirens, respectively, on Tuesday, June 2, 2020, starting at 3:15 p.m.

GHS/OCD will test the nineteen All Hazards Alert Warning System (AHAWS) sirens in conjunction with NBG monthly routine testing of the "Giant Voice (GV)" sirens.

Residents, visitors and motorists surrounding the AHAWS sirens and GV speakers can expect to hear pre-scripted voice messaging announcing the start and end of the test, and ten-seconds of the "Alert" tone, which can be heard
